## Career Objective

I am a highly motivated and results-oriented computer engineering student with a robust foundation in web development and Java programming. Throughout my academic journey, I have gained substantial experience in building dynamic and responsive websites, as well as developing efficient algorithms and backend systems. My strong problem-solving skills and ability to quickly adapt to new technologies allow me to handle complex technical challenges effectively.

## Academic Credentials

**Bachelor of Engineering in Computer Engineering (CE)**

Marwadi University, Rajkot

**Expected Year of Graduation:**

2025 CGPA: 7.57

### 12th Science

Ambika Vidhyalay, Rajkot, Gujarat, India

**Percentage:** 89% (2020-2021)

### 10th

Kailas Vidhyalay, Rajkot, Gujarat, India

**Percentage:** 78% (2018-2019)

## Technical Skills

- Web-Development: HTML, CSS, JavaScript, Node.js, React
- Database: MySQL, MongoDB
- Programming Languages: Java, C
- Data Structure & Algorithms

## Certifications

- Participated in the INTELLIFY Hackathon 2023, organized by Marwadi University
- NDG Linux Essentials (Cisco Networking Academy)
- C-language (Sololearn)
- Building a Chat-bot (IBM Skills)

## Project Work

### ▪ Find Your Place Website

Created a website for tourists to find vacation and adventure destinations. Users can add their own places, see reviews, and view rental information.

**Technologies:** HTML, CSS, Bootstrap, JavaScript, Node.js, Express.js, MongoDB, also this website is live using mongo atlas you can visit by [click here](#)

### ▪ Currency Converter Website

Developed a website for national and international users to convert currencies based on the current exchange rate.

**Technologies:** HTML, CSS, JavaScript

## Internships

### ▪ Node.js Developer Intern PROLOG INFOTECH, Rajkot Jan 2025 – April 2025

Developed a dynamic e-commerce bookstore using Node.js, Express.js, MongoDB, and EJS. Implemented features like user authentication, cart/checkout system, admin panel, review system.

### ▪ 2-Weeks IBM Skills build Internship In (AI)

Worked on Artificial Intelligence through IBM Watson Assistant.

## Soft Skills

- Adaptability
- Teamwork
- Time Management
- Leadership
